Explanation of my mask and its message :

My solution to the environmental crisis:

By creating my mask, I stand with Maskbook, international art-action project committed to the environment. I declare that climate change and air pollution are a danger to my health and to the health of our planet. I ask that all efforts be made to reduce these threats. I commit to act for the environment in my everyday life.

I consent to the use of my image in Maskbook's portrait gallery, social network and for its events such as exhibitions or publications. My photo and contact information will not be communicated to any third-party or be used for any commercial purpose.
